⊕ BUILDING ⊕ CENTENNIAL

Our building dates back to 1888. Over the course of six years, we completely gutted this 4-story building to the original brick walls, built a rear addition, and dug a basement.

We were able to salvage the 130 year old floor joists from our building and repurpose them throughout the bar, including the first floor bar top, tables and our front door.

An unexpected find – our 1940's Original Brunswick Art Deco bar. Rescued from a local steel factory's union club, we've been able to give this classic bar a new life.

Our handpicked floors were crafted by a small sawmill in Southern Michigan, where they transformed Michigan oak trees into our hardwood floors.

We love Founders KBS and used over a dozen KBS barrels to build our bar front.
